Red Cross

Netherlands Red Cross was founded in 1867. It is among the Red Cross and Red Crescent Societies. It adopts branch governance structure which leads to approximately 214 branches that enables it to serve the whole country.. It is run by paid staff at the national and district level in collaboration with 17,000 volunteers who are distributed all over the Netherlands. The organization's efforts are financed by 450,000 contributing affiliates and donors, who make available monetary help frequently. Its revenue in 2006 was €58.8 million.
